REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The claim is allowable because the prior art fails to teach a handle attached to a body and movably fixable at any one of a plurality of positions along a width of the structure vertically above and horizontally between the legs to positioning the handle directly above the cut line, wherein a longitudinal axis of the handle is disposed at an angle relative to a longitudinal axis of a tunnel defined by the space between the legs as set forth in claims 2 and 23.

C. H. Tidey teaches including a handle *K* attached to a body *E*. However, C. H. Tidey fails to teach the handle attached to the body and movably fixable at any one of the plurality of positions along a width of the structure vertically above and horizontally between the legs to positioning the handle directly above the cut line, wherein the longitudinal axis of the handle is disposed at an angle relative to the longitudinal axis of a tunnel defined by the space between the legs as set forth in claims 2 and 23.

R. J. Sportsman teaches a body 26 and legs 28. However, it fails to teach the a handle attached to a body and movably fixable at any one of a plurality of positions along a width of the structure vertically above and horizontally between the legs to positioning the handle directly above the cut line, wherein a longitudinal axis of the handle is disposed at an angle relative to a longitudinal axis of a tunnel defined by the space between the legs.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
